ERRATUM**Released:** May 4, 2001

By the Deputy Chief, Mass Media Bureau

1. This *Erratum* corrects errors in the text and in Appendix D of *Memorandum Opinion and Order*, FCC 01-64, released February 28, 2001, *Reexamination of the Comparative Standards for Noncommercial Educational Applicants*, MM Docket No. 95-31.

2. References to the "University of Northern Ohio" throughout the text are replaced with "University of Northern Iowa."

3. In the released text of paragraph 81, the final word "noncommercial" in the third sentence is deleted and the phrase "the notes to" is deleted from the fourth sentence. The corrected third and fourth sentences of paragraph 81 read as follows: "DeLaHunt also believes that Subpart I, governing auctions of non-reserved channels, counts attributable interests in noncommercial stations for determining whether an applicant qualifies for a bidding credit. In amending Section 73.3555, we meant to clarify that commercial attribution standards also apply to NCE stations, to the extent that attribution is relevant to such stations."
